Payal Kailas Chaudhari

Artificial Intelligence & Data Science

NXTWAVE - Sanjay Ghodawat University, Kolhapur

+91-9209117695 payalchaudhari9209@gmail.com github.com/payalchaudhari21 linkedin.com/in/payal-chaudhari2128

Education

•Sanjay Ghodawat University *1st Sem*
B.Tech,AIDS CGPA: 9.08/10

•Nashik Institute of Techonolgy *2025*
Maharashtra State Board Percentage: 84.50%

•Bhonsala Military School *2023*
Maharashtra State Board Percentage: 91%

Experience

•Hackathon and Technical Experience *2025*
Team Member , Developer India
- Developed AI-based and full-stack solutions under strict deadlines.
- Worked on problem analysis, implementation, and final presentation.

•GEN AI Buildatho(National Level) *2025*
Team Member & Organizer Sanjay Ghodawat University
- Participated in a National Level Generative AI Buildathon, developing an AI-based solution using machine learning concepts within a limited time frame..
- Used Python, HTML, CSS, Tailwind CSS, and MongoDB/MySQL.

Personal Projects

•Deepfake Detection System *2025*
Designed and trained deep learning model, handled data preprocessing and performance evaluation

- Tools & technologies used: Python, OpenCV, TensorFlow
- Developed a CNN-based deep learning model to detect manipulated media content.Performed image preprocessing, model training, and evaluation.

•EventHub – Event Management Platform *2025*
Accepts user details and event information for registration and event management through database integration.

- Tools & technologies used: Python, HTML, CSS, Tailwind CSS, MongoDB/MySQL.
- Developed a web-based event management system for event creation and participant registration.Built backend logic, responsive UI, and integrated database.

Technical Skills and Interests

Languages: Python, HTML, CSS , C++ , Javascript , React JS
Developer Tools: Tailwind CSS, TensorFlow, Keras, OpenCV
Frameworks: Tailwind CSS, Flask
Cloud/Databases: MySQL, MongoDB
Soft Skills: Leadership, Problem Solving, Time Management, Communication Skills, Quick Learning Ability, Teamwork & Collaboration
Coursework: Data Structures & Algorithms, Object-Oriented Programming (OOP), Machine Learning, Deep Learning
Areas of Interest: Artificial Intelligence, Machine Learning, Full Stack Development, Deep Learning, Problem Solving

Positions of Responsibility

•Position, Joint Secretary – Student Association *AUG 2025 – Present*

•Position, Class Representative (CR) *Jul 2025 – Present*

Achievements

•Achievement Best Project Award – Campus Issue Reporter(NIAT-BASE44 Hackathon) *2025*

•Achievement Smart India Hackathon(SIH) Participants *2025*
